65. Select the desired size, color, or variant.
66. The replacement item is dispatched within 2–3 business days of the original item being picked up.
67. Only one exchange per order item is permitted. If the desired variant is unavailable, a refund is issued instead.

9.4 Refund Policy

Refunds are issued to the original payment method unless otherwise requested. Customers may also opt for ShopEasy Store Credits (processed faster).

Refund Type	Processing Time	Notes
Original Card / Bank	5–7 business days after approval	Bank processing time may vary
UPI / Net Banking	3–5 business days after approval	Directly to registered bank account

Partial Refund Scenarios

Partial refunds may be issued in these cases:

- Multi-item orders where only some items are returned.
- Bundle orders where one component is defective.
- Discounts were applied at order time: refund reflects the discounted price paid, not the listed price.
- Seller-initiated partial resolution (e.g., missing accessory compensated with partial credit rather than full return).

9.5 Damaged Product Claims

If you receive a damaged item, follow these steps within 48 hours of delivery for the fastest resolution:

68. Take clear photographs of: the outer packaging (showing damage), the damaged product itself, the shipping label.
69. Go to Account > Orders > Select the order > 'Report a Problem'.
70. Select 'Item Damaged' and upload the photographs.
71. Choose resolution: Replacement, Refund, or Store Credit.
72. Our team reviews claims within 24 hours.

For high-value items (above ₹5,000 / \$100), a video unboxing is strongly recommended. ShopEasy may request video evidence for damaged claims on high-value orders.

Damaged Claims – Special Cases

- Damage discovered after use: Claims must be filed within 48 hours of delivery. Damage discovered after the product has been used may not be eligible unless covered under a manufacturer warranty.
- Damaged during return transit: If an item is damaged while being returned to the seller, ShopEasy will intervene with the courier and a full refund will be issued.
- Liquid damage on electronics: If the product arrived wet or shows liquid damage signs, report immediately. ShopEasy will arrange expert inspection.

9.6 Missing Item Complaints

If your delivery is incomplete (missing items from a multi-item order or accessories missing from a product):

73. Report within 48 hours of delivery via Account > Orders > Report a Problem > 'Item Missing'.
74. Describe exactly what is missing.
75. Our team verifies the claim against warehouse packing records (typically within 24 hours).
76. If verified, the missing item is shipped at no charge within 2–3 business days, or a partial refund is issued.

Note: If the outer packaging shows no signs of tampering, we may require 3–5 business days for investigation with the logistics partner.

9.7 Wrong Item Delivered

If you received a different item than what you ordered:

77. Go to Account > Orders > Report a Problem > 'Wrong Item Received'.
78. Upload a photo of the item received, the label, and the packaging.
79. Choose your resolution preference: correct item dispatched or full refund.
80. Pickup of the wrong item is arranged at no charge. Correct item dispatched within 3–5 business days of pickup.

Important: Do not use, damage, or discard the wrong item. If the wrong item is returned in unsatisfactory condition, ShopEasy may investigate before processing the resolution.

9.8 Digital Products Policy

Digital products include eBooks, software licenses, digital music, movies, and subscription codes.

Customer: I ordered a Blue Bluetooth Speaker and received a Red one. Also, the charging cable was missing.

Agent: I'm sorry about that! I can see your order SE-IN-2025-91003 included the Blue Titan BT500 Speaker with a USB-C cable. Let me raise two issues at once: a wrong item report for the color and a missing accessory complaint.

Agent: I've initiated a free pickup for the Red speaker today. A Blue one will be dispatched immediately after pickup. I'm also shipping the missing cable separately — it should arrive within 2 business days.

Customer: Thank you! Do I need to do anything?

Agent: Just keep the Red speaker ready for our pickup agent tomorrow between 10 AM and 6 PM. No repacking needed — just hand it over. I've sent you a confirmation email with all the details.
